Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand the primary user of AI StudyBuddy — a student who uses the platform to upload study materials and receive AI-assisted summaries, flashcards, quizzes and study plans.

SAYS • “I want my study materials summarized quickly.” • “I need simple flashcards and quizzes for revision.” • “I want one place to manage my study materials.”		THINKS • “Will the AI make the content easy to understand?” • “Can this help me prepare in less time?” • “Is my account and uploaded material secure?”
	PERSONA NAME (Student / User)	
DOES • Logs in and uploads TXT, MD or PDF study materials. • Uses summaries, flashcards and quizzes for revision. • Uses the generated study plan to organize learning.		FEELS • Feels less stressed when study material is organized. • Feels more confident while revising with quizzes and flashcards. • Feels motivated when studying becomes personalized.
